

J. Silvio Gutkind, Ph.D.

Distinguished Professor and Chair, Department of Pharmacology, School of Medicine, and Associate Director of Basic Science, Moores Cancer Center, University of California San Diego (UCSD), La Jolla, California, USA

Member, National Academy of Medicine

J. Silvio Gutkind is a Distinguished Professor and Chair, Department of Pharmacology, School of Medicine, and Associate Director for Basic Science at the Moores Cancer Center, University of California San Diego.

His research team has pioneered the study of G proteins and G protein coupled receptors in human malignancies. He is exploiting the emerging information on dysregulated signaling circuitries and individual genomic and molecular alterations to develop new precision cancer treatments, and to identify novel multimodal strategies to enhance the response to cancer immunotherapies.

Honors include his election to the National Academy of Medicine, and as Chair of the Division of Molecular Pharmacology, American Society for Pharmacology and Experimental Therapeutics (ASPET).

He has published over 500 research articles in some of the most prestigious journals. He has supervised and mentored many junior investigators, who are now playing leadership roles in multiple institutions in the United States and abroad.

Affiliation:

- University of California San Diego (UCSD)

Accomplishments:

- Chair of the Department of Pharmacology at University of California San Diego School of Medicine.
- International Association of Dental Research's Distinguished Scientist Award
- NIH Merit Award
- NIH Director's Award
- Pharmaceutical Research and Manufacturers of America's Research & Hope Award for Excellence in Academic Research
